 EMAIL: _____ X
 SIZE: _____ X QTY: _____ X # IMAGES: _____ X DEADLINE: ____/____/____
 DESCRIPTION: _____ X

Shipping Address (get quote): _____

When you order custom buttons, you agree to the following:

We, the staff of Button Makers, will do our best to make your requested products, using the image(s) which you have supplied, in the highest quality possible using our printing and production equipment. Unless a proof is requested, you authorize us to use our own judgment regarding quality (color, cropping, resolution, etc). If a low-resolution image is provided to us, we will use the image as-is even if it means the final product will look pixelated. If you are concerned about quality, request (and pay for) a proof. We have provided free design templates on our website for Photoshop (version "CS" or newer) and Open Office (free download). Please use them if you can as it will ensure your product looks just how you want. Remember: buttons are round and they wrap around the edge. Your design needs to fit into a circle with extra space around the main image. Otherwise, you will end up with white areas on the top, bottom, and/or sides of the button face or it will be cropped to compensate.

Unless "rush service" has been requested and paid for, average turnaround time is a minimum of 2 business days for up to 200 buttons following payment in full.

The rush service fee is calculated as \$50 per day sooner than average turnaround. For example an order for 1,000 buttons normally takes 5 days. If you need it in 3 days, 2 days sooner than average, the fee is \$100. As long as an accurate phone number has been provided to us, we will contact you if there are any unexpected delays which will cause us to miss the quoted turnaround estimate.

If you are providing your own prints, they will need to be on a material usable by our equipment (i.e. standard copy paper thickness) or we may be unable to use them if they are too thick. You will need to include a couple of extra prints if a specific quantity is required to compensate for any mechanical failures during production (i.e. if you need 35 buttons exactly, then provide 40 prints in case we have 5 failures). We can pro-rate your order if for any reason we were unable to complete the full quantity (and/or we weren't provided enough extra prints).

Payments are to be made in full before production begins (including any applicable shipping and taxes). Any shortages will be pro-rated and refunded. No refunds will be made for quality issues unless a proof was purchased and the quality differed from the proof. [Image files may be sent via email to INFO@BUTTONMAKERS.NET](mailto:INFO@BUTTONMAKERS.NET). Free design templates are available at www.buttonmakers.net.

I, _____ X have fully read and completely understand the above agreement.

Today's date: ____/____/____ X
